

Insulated Ratchet Crimping Tool - 0.5mm²-6mm² AT056

Alvolta's range of high quality tools are the perfect addition to every tradesperson's toolkit. Designed with practicality in mind, Alvolta's selection of tools helps the professional tradesman complete jobs to an excellent standard without compromising on convenience.

The Alvolta AT056 Ratchet Crimping Tool is designed to crimp insulated terminals onto stranded Copper wire up to 6mm². Featuring three crimping cavities, 12-10 AWG, 16-14 AWG & 22-16 AWG, this crimper minimises the tools required for completing jobs. The adjustable compound action design puts more crimping power into each squeeze, reducing the effort required for cable crimping.

Minimise job time and effort, and maximise productivity with the Alvolta Ratchet Crimping Tool.

Suitable for:

Product Properties	
Suitable Cable	Stranded Copper Wire up to 6mm ²
Suitable Terminals	Yellow, Blue & Red Ring Terminals
Crimping Cavities	12-10 AWG, 16-14 AWG & 22-16 AWG
Body	Carbon Steel
Handles	Molded Plastic
Colour	Blue
Dimensions	190 x 70 x 45mm
Weight	0.35kg

Features & Benefits

- 0.5-6mm² (22-10 AWG) ratcheting tool.
 - 3 crimping cavities in one tool.
 - Suitable for yellow, blue & red insulated ring terminals.
 - Pressure adjustment for crimping force control.
 - Ratchet mechanism for complete crimping guarantee.
 - Ergonomically designed handles.
 - Compact and lightweight.
- Use 50% less energy with each crimp.
