12 Way LED Fuse Box
AFB12W24

Product Properties

Max. Input Voltage	32V DC
Max. Input Current	100A
Max. Output Current	30A per Circuit
Main Thread Terminal	M5 Studs
Single Thread Terminal	M4 Studs
Terminal Material	Stainless Steel
Contact Strip Material	Nickle-Plated Copper
Base Material	PBT Plastic
Cover	Translucent Plastic (PC)
Colour	Black
Dimensions	150 x 90 x 42mm

Tackle electrical projects like a pro with the Alvolta 12-Way LED Fuse Box. With 12 individual circuits, you'll be able to provide power to all your essential vehicle accessories, while the innovative LED safety indicator lights up immediately when a fuse is blown, so you can troubleshoot without delay. The nickel-plated copper terminals ensure maximum conductivity, while the flame-retardant PBT material provides extra protection.

Featuring six fuses of each size and convenient labelling options, this 12-circuit fuse block is perfect for any DIY enthusiast. Whether you're hitting the open road in your RV or powering up your boat for a day on the water, the Alvolta 12-Way LED Fuse Box will keep your electronics up and running smoothly.

Built for power and designed by experts, Alvolta has the quality you can trust.

Box Includes:
Fuse Block
6x 5A Fuse
6x 10A Fuse
6x 15A Fuse
6x 20A Fuse
