

Heavy Duty Cable Cutters

AT60

Alvolta's range of high quality tools are the perfect addition to every tradesperson's toolkit. Designed with practicality in mind, Alvolta's selection of tools helps the professional tradesman complete jobs to an excellent standard without compromising on convenience.

The Alvolta AT60 Heavy Duty Cable Cutters are designed to cut Copper and Aluminium cable up to 60mm². Featuring heavy-duty forged blades expertly crafted in a lightweight and compact design, these cutters minimise the effort required for stripping and cutting cables. The blades and handles have been heat and fire treated to provide maximum strength and safety for even the toughest of cable jobs.

Minimise job time and effort, and maximise productivity with the Alvolta Heavy Duty Cable Cutters.
