

Tradesman Multi-Head Ratchet Crimping Kit

AT056S

Alvolta's range of high quality tools are the perfect addition to every tradesperson's toolkit. Designed with practicality in mind, Alvolta's selection of tools helps the professional tradesman complete jobs to an excellent standard without compromising on convenience.

The Alvolta Tradesman Multi-Head Ratchet Crimping Kit is the ultimate toolkit for any tradesperson working with cable. Featuring 5 interchangeable heads, this kit services all your crimping needs with one tool, minimising the equipment required for completing jobs.

The adjustable compound action design puts more crimping power into each squeeze, reducing the effort required for cable crimping. With 5 heads all featuring multiple cavities, this tool is suitable for insulated and non-insulated terminals, through to cable lugs, Anderson plugs and wire ferrules.

Minimise job time and effort, and maximise productivity with the Alvolta Tradesman Multi-Head Ratchet Crimping Kit.
